

Membership Fees

This paper outlines the changes to our membership fees following a proposal at this year's AGM.

Following a proposal from the membership at our recent AGM it has been decided to adopt a subscription model for membership of the Poringland and District Men's Shed.

This will replace the current donation that most members make when attending the shed.

A monthly subscription will provide us with a consistent income stream and will cover the operating costs of our new, larger, purpose built shed and ensure we remain solvent.

All membership fees are used for the sole benefit of members and will still cover complimentary tea, coffee and biscuits.

It was agreed to set the membership fee for 2022/23 at £10:00/ month and this allows members to attend as many sessions as they wish with no additional costs. This will be reviewed annually.

We hope that you will agree that this represents good value for your money to enjoy all the facilities that our new shed will provide.

We do not wish to exclude anyone as a result of this decision and so, as before, if for any reason you cannot afford to commit to this fee please approach our Chairman Henry Gowman in complete confidence.

From 1st April, in order to retain your membership we would ask that you set up a Standing Order Mandate with your bank - we have attached a pro forma that you can print, complete and send to your bank or alternatively you can action via online banking if you wish.

Thank you for your support in adopting this change.

Poringland & District Men's Shed Trustees.
